3. Mr. [REDACTED] telephoned concerning [REDACTED] Concurrence in the administrative plan was conditioned upon development of a better funding mechanism, as recommended by the Cover Division. Mr. [REDACTED] stated that the Cover Division was not prepared, at the moment, to make any specific recommendations and he requested our permission to continue with the present system until a better one could be devised. He advised that [REDACTED] was agreeable and I requested that he send a paper along to that effect for signature here. We also discussed briefly the modification of the plan to provide for the administration of a liquidation reserve similar to that provided for [REDACTED]. The administrative plan will be amended to take care of this matter.

4. Mr. [REDACTED] telephoned to say that he had seen some of the work being done by O&M in connection with the survey of the Psychiatric and Psychological Assessment Programs. He wanted me to know that he had under consideration a special problem involving the Psychological Assessment Staff which he believed emphasized the necessity for our study and he wanted to make sure that we took advantage of his information before making any final recommendations on this subject. I assured him that we would do so and, in fact, would greatly appreciate his comments and recommendations on the study finally produced by O&M.
